

## CENTRAL GROUND WATER BOARD

Dept of Water Resources, River Development & Ganga Rejuvenation  
Ministry of Jal Shakti

### GROUNDWATER MODELLING TALK SERIES

Sl.No	Name of the expert delivering talk	Topic of the GW Modelling talk	Date
1	Prof Phanindra, Asst Professor IIT Hyderabad	Application of GRACE data in Water Resources Management	07/01/2022
2	Prof Elga Salvadore IHE Delft	Use of satellite data and other global datasets for water resources assessment, management and water accounting	02/04/2022
3	Sh S K Sinha, Advisor, & Scientist (Retd), Atal Jal	Ground Water Modelling Past Experience and Way Forward	04/03/2022
4	Dr S Suresh, Scientist D, CGWB Faridabad	Groundwater Modelling Tips for budding modelers with a case study	04/03/2022
5	Prof L Elango, Head of Department Anna University Chennai	Applications of numerical modelling for sustainable management of groundwater resources	01/04/2022
6	Dr Ranjan Kumar Ray, Scientist E CGWB, Faridabad	Application of groundwater modelling in hard rock aquifers- case study	06/05/2022
7	Dr J Sanjay, Scientist F, IITM	Climate Change Projections for India.	03/06/2022
8	Sh P K Parchure, Member (retd), CGWB	Case study of application of groundwater modelling.	08/07/2022
9	Dr.Uday Kumar Sinha, Head, Isotope Hydr. Bhabha Atomic Research Centre (BARC)	Application of Isotope Techniques in Hydrological investigations	01/09/2022
